Conceptual Overview of RPS in the 2010 LTPP System Analysis

Proposed Guiding Principles for RPS Planning

Inputs, Assumptions and Methodology

- 1. Assumptions should reflect the behavior of market participants, to the extent possible
- Methodology should be consistent with previous regulatory decisions, to the extent applicable
- Any proposal should explain the policy basis for the proposal
- Any proposal must include supporting documentation

2

Proposed Guiding Principles for RPS Planning

RPS Scenarios

- RPS scenarios should be reasonably feasible and reflect plausible procurement strategies with associated (conceptual) transmission.
- 6. RPS scenarios should represent substantially unique procurement strategies resulting in material changes to corresponding (fossil) procurement needs and/or required (conceptual) transmission.
- 7. RPS scenarios should be limited to 3-5
